Products & Services

Item & Description	Quantity	Unit Price	Total
DEA Controlled 1-V	1	\$12.00	\$12.00
Drugs listed in Schedules I-V under the Controlled Substances Act, regulated by the DEA due to potential for abuse or dependence			

Item & Description	Quantity	Unit Price	Total
Non-Controlled Substances Non-regulated pharmaceutical waste: Expired, unused, or contaminated medications that are not classified as hazardous by the EPA and are not regulated by the DEA	1	\$6.00	\$6.00
MiniSecure™ Medication Disposal Kit - 16 Ounce The MiniSecure™ Medication Disposal Kit is a compact, compliant solution for safely disposing of small quantities of expired, unused, or partially administered medications. Designed for low-volume waste generators, this 1-pint container provides everything you need to meet DEA, DOT, and EPA disposal standards — without the hassle. Perfect for exam rooms, dispensing stations, or remote providers, the MiniSecure™ Kit ensures your staff stays compliant with controlled substance destruction regulations while avoiding the cost and complexity of large-scale disposal programs. Capacity: Approximately 150–250 pills or equivalent liquids, powders, patches, and suppositories	1	\$30.00	\$30.00
ProSecure™ Medication Disposal Kit - 64 Ounce The ProSecure™ Medication Kit is the smart, compliant solution for high-throughput healthcare environments that generate routine quantities of expired, partially used, or non-returnable medications. Sized at 1 gallon, this kit strikes the perfect balance between daily convenience and regulatory rigor, allowing your facility to stay DEA-compliant without overpaying for capacity you don't need. Holds approximately 1,000–1,400 pills, or equivalent volumes of mixed pharmaceutical waste (including liquids, patches, powders, and suppositories).	1	\$100.00	\$100.00
MaxSecure™ Medication Disposal Kit - 1 Gallon The MaxSecure™ Medication Disposal Kit is engineered for facilities that generate substantial pharmaceutical waste and need a compliant, scalable solution without operational disruption. With twice the capacity of a 1-gallon kit, it's ideal for central disposal points, med rooms, or facilities managing multiple units or care wings. Capacity: Holds approximately 2,000+ pills or equivalent amounts of liquids, patches, powders, suppositories, and cannabis waste	1	\$125.00	\$125.00
Process and Handling Process and Handling	1	\$90.00	\$90.00

Item & Description	Quantity	Unit Price	Total
